

# PETROLEUM STORAGE TANK INSURANCE FUND UST ENDORSEMENT

## Extended Reporting Period for Tanks Emptied and Taken Out of Use

Policy Number: \_\_\_\_\_

Facility Name: \_\_\_\_\_

Facility Address: \_\_\_\_\_

Tank	Size	Previous Contents	Emptied Date

This Endorsement applies under the following conditions:

“Since all of the previously insured underground storage tanks have been emptied and taken out of use, the owner and/or operator of that tank shall no longer be insured for costs resulting from a sudden or a non-sudden release from that tank, since there cannot be a release from an empty tank. Instead, the owner or operator may elect to purchase an extended reporting period to protect against costs of corrective action which may be required as a result of a sudden or non-sudden release which occurred while the tank(s) was/were in use, but which is not yet known.”

This Endorsement hereby grants to the party(ies) named below an additional period of time to give notice of claim for cleanup costs. This endorsement does not extend coverage past the expiration date of the policy during which the tank(s) was/were emptied and taken out-of-use, nor does the endorsement increase the limits granted in the policy. The covered claim to which this endorsement applies must arise from a release that occurred during a policy period in which the tank(s) was/were insured.

The release must have occurred after the following date:

Retroactive Date of the Policy: \_\_\_\_\_

The Fund Participant(s) listed below is/are hereby granted until \_\_\_\_\_ at 12:01 a.m., in which to give notice of claims to the PSTIF.

This endorsement acknowledges that the ownership of the Underground Storage Tanks (as defined in the policy) has changed and the Fund participant(s) named above no longer have an insurable interest relative to the Underground petroleum tanks at this location. Further, it grants to such Fund participant(s) an extended reporting period during which time such participant(s) may give notice of a claim to the PSTIF for "releases," as defined in the policy, which occurred during the policy period. The policy period commenced on the retroactive date and terminated on the cancellation date noted below:
