ON MISSOURI TANK SITE CLEANUPS

A newsletter for environmental professionals to keep you posted on developments of interest

Tank Site Cleanup Challenges

Have you ever designed a tank site cleanup that didn't achieve target levels in the anticipated timeframe?

After 40 years' research into the behavior of petroleum COCs in the environment, why is designing a corrective action plan still so difficult?

Are your site characterization efforts designed with a remediation strategy in mind?

Do your Conceptual Site Models adequately define geologic features?

These and related questions will be discussed at the August NGWA Conference. For more info:
